THANK YOU TO OUR 2019 PEER REVIEWERS

The International Journal of Environment is proud to be the 2 stars journal, according to the Journal Publishing Practices and Standards (JPPS) framework. This achievement is great and was possible due to our excellent publishing practices and standards.

The IJE rests on contributions of our peer reviewers residing worldwide. The peer reviewers of the journal provided their expertise by reviewing manuscripts and contributed significantly to bring the journal at this level. All members of the IJE want to express their gratitude to the 2019 reviewers listed below. We apologize and thank the reviewers whose detail did not appear in the list.
