Few Clips in Oral & Maxillo-Facial Surgery

Lt. Col. Dr. Bishnu Bahadur Bastola
HOD Dental Surgery

Oral & Maxillo-Facial Surgery is the specialty of Dentistry that includes the diagnosis, surgical and adjunctive treatment of diseases, injuries and defects including both the functional and aesthetic aspects of the hard and soft tissues of the oral & maxillofacial regions. Few Clips of our operated cases (Pre-Op. & Post Op. Views) are given below to make concerned people familiar with the type of cases performed in Oral & Maxillo-Facial Surgery so that reflex treatment will be easy.
