

**Nepal Journal of Medical Sciences,
The Official journal of Manipal College of Medical Sciences, Pokhara,
Nepal.**

It gives us immense pleasure to announce the publication of the latest edition of Nepal Journal of Medical Sciences. (**Volume 4 No 2 Issue 8 July-December; 2019**)

Nepal Journal of Medical Sciences (NJMS) is a peer reviewed, open access, biomedical journal [ISSN 20911424 (Print) and 2091-1459] and publishes the research based articles from the field of biomedical sciences. The journal is published twice a year (January and July). Each issue of NJMS publishes Original Articles, Review Articles, Case Reports, Editorials and Letters to the Editor.

The highlights in this issue include a descriptive study on isolated terminal ileal ulcers by *Thapa S et al.* The clinical presentation and histopathological findings have entailed us to see the panorama of the disease and the disease burden. Another article by *Shrestha B et al* presents the outline on Laparoscopic needle assisted repair of inguinal hernia in paediatric patients which has brought forward the necessity of minimal invasive surgeries in children. Similarly *Karmacharya B et al* describes Factors affecting Mortality in Neurosurgical ICU.

Finally, we would like to express our heartfelt gratitude towards all the authors, reviewers, readers, advisory board and Patron for the immense support and constant motivation.
