ABOUT THE JOURNAL

Intellectual Journal of Academic Research is an academic, not for profit, blind peer-reviewed journal of Business, Arts and Social Sciences across disciplines. It aims to provide professors, scholars, Managers, Academicians, Scientists, Industrial professionals, Researchers, students and learned members of the community from all over the world an authentic open-access platform featuring scholarly research, reviews and perspectives on the state of current research on topics of interdisciplinary interest. The IJAR annual journal is published both in print and electronic forms in the month of August of the year. It is unique journal published from Nepal with following highlights:

1. Google Scholar Indexing (Searchable Directly from the Journal through GS)
2. DOI (for fetching Citations)
3. Copyright should be with Authors: (No Copyright Transfer)
4. Structured Abstract: (For Novelty checking)
5. Structured Reference Format: (APA)
6. No Article Processing Charges (APC)
7. Quick Reviewing process for Publication
8. Open Access Publication with ISSN
9. Proof for at least one Indexing in Third Party (like OpenAir /Nepjol, J-Gate, SSRN, etc.)
10. Paper Publication Certificate & Copyright Certificate to Authors.
11. The journal is led by Best Scientist of Business and Management in Nepal.

For such Ideal Publication, Refer <https://myanglungcampus.edu.np/about-journal-2/>

VISION

The vision of the journal is to cover the uncovered research.

MISSION

The journal will strive to create a platform where intellectual contribution will be shared from managements, language, arts and many more for the larger good of the people.

TARGETS

1. Publish the highest-quality research and writing across business disciplines, social sciences and technological advancements
2. Increase the visibility to impact of the journal for developing intellectual capital through continuous research sharing

KEY OBJECTIVES

1. To publish high-quality research articles, reviews and perspectives per issue and move forward the multidisciplinary discourse on improving social conditions.
2. To provide authors with detailed and constructive feedback within weeks of their submission of articles.
3. To expand online readership across continents in the first year of publication.
4. To keep a tally of multidisciplinary knowledge and theory building works from the submissions received on making the business discourse more sustainable, smart and practicable.
5. To ensure the implementation of copyright and intellectual property laws.
6. To explore tools and resources for visibility of the journal and maintenance of its academic standards for dissemination of research.

SUBMISSION

The journal uses a rigorous peer-review process, led by a team of experts from Nepal and abroad, to ensure high quality and impact of published research and writing in pursuit of productive and practicable innovation. Articles are subject to initial editor screening followed by a blind peer review before publication. Submissions are invariably checked for plagiarism. Manuscripts must be between 5 and 20 pages, in APA formats, that is between (3000 and 8000 words), excluding references.

IJAR calls Scholars, Managers, Academicians, Scientists, Industrial professionals and Researchers from all over the world to submit their unpublished original work for inclusion in our upcoming issue. All submissions will be reviewed and evaluated based on originality, technical research, and relevance to journal contributions. IJAR highly Welcomes theoretical, technical, research, as well as empirical papers from all areas of research in the area of Business, Management, Social Science, technology, Arts and many more innovation and emerging trends. All the accepted articles will be published in the upcoming issue of the journal with Online and Print.

PEER REVIEW PROCESS

Research and review articles received from open call and individual invitation are peer-reviewed, double-blind, before publication. The production team sends original research and review articles to Section Editors for initial review of the work's relevance to the journal. They submit draft decisions to the Editor-in-Chief for final decision about further review or rejection. The initial review process will be short, and not last longer two six weeks. Perspectives, including case studies and interviews, are reviewed by Section Editors and cleared with the Editor-in-Chief. These are not subject to double blind peer review. It consists of 6 levels of review including editorial and blind peer review as follow:

Level One: Checking Paper structure

Level Two: Checking & Detailed Checking Plagiarism (Less than 10%, No paragraph should have half to full paragraph plagiarism). Also check for Unique Title by searching the title in Google, Google scholar, & plagiarism checker result.

Level Three: Checking Grammar and Typographic mistakes using integrated Grammarly software

Level Four: Checking Review of Methods, Format, Title, Keywords, Tables & Figures, and Citations.

Level Five: Review of Analysis/Results/ Novelty, Further improvements, Journal to be considered, Area, Type, etc.

Level Six: After Journal formatting, DOI, Checking Page Numbers, Glancing on PDF before final publication by editor and Author proofreading.

Please direct all editorial inquiries to the journal editorial team at:
