

Journal of Nepal Mountain Academy

June 2019 Vol. 1 Issue No. 1 Print ISSN 2676-1351

Editorial

Journal of Nepal Mountain Academy (NMA) is purely an official publication. NMA has planned to publish an academic journal annually focusing on the adventure and mountaineering sectors. It aims at promoting research and tourism activities among the college faculties, researchers, university professors and graduate and undergraduate students, and personnel in administrative positions involved in research ventures; academic or professional, researchers are prioritized. As the title suggests qualitative and quantitative research works on adventure and mountaineering are accepted for publication.

The articles published in this journal in all its issues are from mountaineering, adventure, trekking and general tourism area. The articles were assigned for peer review to the professors and practitioners in their respective fields, amendments were recommended followed by editing and corrections ensured before they were processed for publication.

However, the editorial team does not bear any responsibility for any incongruity in contents and patterns presented in the articles as they are purely the products of their authors, and hence, the authors are subject to ethical interrogations in the circumstances that are marked to violate ethical parameters applicable in the field of academics and research.

The articles have been arranged in alphabetical order of the authors' name. Researchers and readers are welcome for their any kind of scholarly inquiries and suggestions.

Thank You

Prof. Ramesh Bajracharya, PhD

Chief Editor
