SNPRC Journal is a peer-reviewed, multidisciplinary journal published by the Research and Publication Committee (RPC) of Sahid Narayan Pokharel Ramapur Campus, Sainamaina Municipality, Rupandehi, Lumbini Province, Nepal. This UGC listed annual journal serves as a forum for researchers, educators, scholars, teachers, and professionals to disseminate knowledge through quality research articles covering various disciplines. The SNPRC Journal adheres to a rigorous process of screening, reviewing, editing, and proofreading. The preliminary step in the review process is taken by the editorial board, which renders the first decision on submitted articles. Articles that fail to follow the author's guidelines may be rejected by the board. Articles that have met the journal's standards are sent to two anonymous reviewers for review. Articles that are accepted for publication by reviewers with some improvements are sent back to the authors for further revisions, taking into account the reviewers' comments and feedback to ensure the article meets the journal's standards. Following the authors' efforts to address the reviewers' comments and feedback, the editorial board makes the final decision on whether to publish the revised articles or reject them. Authors are not required to pay any publication fees for their articles in this journal, as all associated expenses are covered by the Research and Publication Committee of Sahid Narayan Pokharel Ramapur Campus. This issue of SNPRC Journal includes a collection of 14 research-based articles covering a wide range of subjects, including Science, English education, English literature, Education, Sociology, and Nepali. Each article in this issue has been carefully reviewed, edited, and proofread to ensure its quality and accuracy. We believe that the knowledge and perspectives presented in these articles will greatly benefit future generations of multidisciplinary professionals in Nepal. This volume showcases a wide range of research and studies across multiple disciplines.
